BEAUTIFUL AND APPEALING ORIGINAL OIL PAINTINGS NOW YOURS AS FULL COLOR LARGE FINE ART PRINTS. Just picture these irresistible kittens in your own home. Everyone who sees these appealing waifs falls in love with their adorable warmth and touching wide eyes. You simply want to take them into your home and into your heart. That's because the artist, Gig, one of America's most perceptive painters of animals, has captured the universal appeal and charm of these intriguing felines. Under his sensitive brush, the wistful quality of kittens and the realistic backgrounds combine to give a compassionate glimpse of life. Unfortunately the black and white illustrations here cannot possibly convey all the artist's magical colors and exquisite details. Only when you see them in your home can you fully appreciate their magnificent artistry and exquisite beauty.

OFFER WILL NOT BE REPEATED THIS SEASON

We urge you to order your full color prints now while the supply lasts. The dramatic portraiture of animals is the latest decorator rage, and these are certain to go quickly. In order to show some of the craftsmanship and intricate detail in all the pictures, we have shown one picture larger than the rest. Actually all four fine art prints are the same size, a full 10" x 14" decorator size. So hurry, order now, offer will not be repeated this season in this magazine.

Pete Duncan is fictional. His story is a composite from the files of I.C.S.

Even if you had a bike with a gyroscopic stabilizer, solid propellant rocket boosters, 10-speed automatic transmission, AM-FM stereo radio, tape player, automatic headlight dimmer, turn signals, air horn, clock, racing tires and power disc brakes, you'd probably want a Stewart-Warner bike speedometer for Christmas.

We have the speedometers for far-out bikes. Funny bikes. Tandem bikes. Any bike you can name.

For instance, the Stewart-Warner Speedometer Deluxe. It's the best-designed speedometer you could put on any racing bike. And the most accurate.

Or the famous Cadet. No wonder it's the most popular bike speedometer made. Cadet does everything the speedometer in a sports car can do (except go over 50).

And the Cadet 20. Especially for bikes with 20-inch wheels.

No matter what kind of bike you have, it's a lot more fun to ride with a Stewart-Warner speedometer. So the next time somebody asks you what you want for Christmas, why not tell them they can find Stewart-Warner bike speedometers in most bike shops and department stores?
